## Profile

A very positive guy, self-learner, independent and a team player. Looking for a place to invest my time, ideas and energy in.

## Employment History

### Full Stack Developer, Pyramid Analytics

SEPTEMBER 2020 – APRIL 2023

Worked on a on-prem BI product. Developed Interactive charts of all kinds including maps(gis). Built end-to-end UI's using React, Typescript and Java, as well as web services on the back-end side.

### Full Stack Developer(Charity), Home

APRIL 2020 – AUGUST 2020

Developed a mobile app(React-Native, Node.js and mongoDB) that helps managing and tracking a weekly donation event called "Nahaley Emuna" in Be'er Sheva. Developing the app by myself was very challenging and mind-opening, as it revealed all the different aspects that need to be taken before coding happens.
